

OIL AND GAS MAKE TECHNOLOGY POSSIBLE

Petroleum, also known as oil and natural gas, isn't just **gas for your car**, **heat for your home** or **electricity/data for your technology**. Oil and natural gas are in many common technology products you use in your daily life. Without them, your life would be very different. Below is a graphic illustrating how oil and gas make technology possible.

Can you get through your day without...

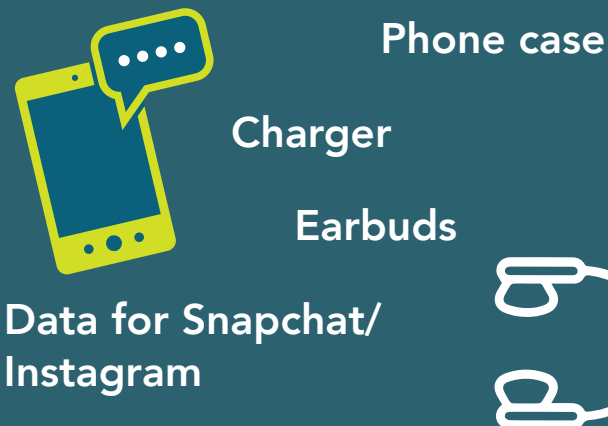

YOUR COMPUTER?

YOUR MUSIC?

YOUR CELL PHONE?

YOUR GAMING?
